

Register
now for
April 2017

One in 100 Australians are living on the spectrum.

**This World Autism Awareness Day,
show your support by getting
your school involved.**

**SPECTRO
SPECTIVE**
STORIES OF AUTISM:2017

amaze
Shaping the future
for Autism.

Register your school to support World Autism Awareness Day 2017.

Host a gold coin event. Make a film. Add it to your curriculum.

During April 2017, gain greater understanding of autism and show your support by being part of Amaze's Spectrospective event.

Dynamic, engaging and informative, discover what life with autism is really like from people living on the autism spectrum, and be introduced to thinking around creating a more inclusive future for all.

A great project platform

Spectrospective can be applied to the Victorian Curriculum F-10 across primary and secondary schools. See our website for further information.

Register for School Fundraising and/or Project Information:
